

M.E. THERMAL ENGINEERING REGULATIONS 2025

PROGRAMME OUTCOMES (POs):

PO1 An ability to independently carry out research /investigation and development work to solve practical problems

PO2 An ability to write and present a substantial technical report/document. PO3 Students should be able to demonstrate a degree of mastery over the area as per the specialization of the program. The mastery should be at a level higher than the requirements in the appropriate bachelor program

PROGRAMME SPECIFIC OUTCOMES (PSOS)

PSO1 Design, develop, and analyze advanced thermal and energy systems for improved efficiency, sustainability, and performance in real-world applications.

PSO2 Develop sustainable and efficient energy solutions by applying emerging technologies with ethical and environmental responsibility.
